TRU-SPEC®

2026 SUMMER COLLECTION

A NEW ERA FOR TRU-SPEC

When we set out to rebuild the Tru-Spec brand in 2024, we adopted a clear mission: equipping you for every shift and situation. That's what we believe Tru-Spec exists to do. Over the past 18 months, we've taken meaningful steps toward fulfilling that promise.

We're proud to bring you this catalog—one that reflects both where Tru-Spec comes from and where we're going. Inside, you'll find the trusted products that built our reputation, alongside new innovations shaped by feedback from the professionals and enthusiasts who wear our gear.

You'll see modernized fits, upgraded fabrics, and thoughtful improvements designed to perform in the real world—whether that's a long shift, a weekend in the field, or a day at the office.

In the coming months, expect to see updates to this catalog as more of our new products become available. We've got more great products in the works and we're excited to share them with you soon.

We're here to tell you that a new era of Tru-Spec has arrived—and we're just getting started.

Phil Dee

Phil Dee

Managing Partner, Tru-Spec Global, LLC

When does fabric become something more?
Is it the stitching?
The features?
The fit?
Or is it the people who rely on it?

At Tru-Spec, **we design for those who show up.**
On the job.
In the field.
Where performance matters.

Every piece we build is cut with intention
and sewn with purpose.
Built smart.
Built tough.
Built to meet you in the moment.
Because our craft isn't about clothing.
It's about the people who wear it.
You deserve to feel equipped for any situation.
And that's exactly what we're here to deliver.

TRU-SPEC®

TOUGH WHEN IT MATTERS MOST.

THEY SAY YOU CAN'T IMPROVE A CLASSIC.

WELL....WE DID.

The OTP 2.0 launches a new chapter for Tru-Spec. We wanted to build upon the rich legacy of the brand and deliver a product we could stand on for years to come. That's why we decided to upgrade the Original Pant. We're planting our flag. We're evolving but staying true to our roots. We're modernizing but standing on the foundations of the past. The new generation of Original Tactical Pants is here.

ORIGINAL TACTICAL PANT 2.0

Performance Stretch Tactical Pant

We've upgraded the classic with a modernized cut and comfortable stretch fabric. The OTP 2.0 is more athletic cut than its predecesor, and the stretch fabric offers greater freedom of movement in active scenarios. We've streamlined the cargo pocketing to build a slimmer silhouette, but retained the ample storage the Original is reknown for. Trust us when we say, you just found your new favorite daily driver.

Available in:

Khaki

NEW

4-way stretch rip-stop adds the perfect amount of comfort and mobility while retaining its rugged durability.

Streamlined cargo pocketing cleans up the silhouette while maintaining ample storage.

Slimmer fit, reinforced knees, and upgraded fabric offers greater range of motion.

UPGRADE YOUR DAILY WEAR.

★★★★★

“BEST DUTY PANTS I OWN”

“Super comfy, like the ninja pants I always wanted as a youth, it's never too late.”

★★★★★

“WILL KEEP BUYING!”

“I've waited some time to write my review but these hands down are the best pants I've owned! Don't think I'll buy any other kind ever again! Super durable and very comfy.”

★★★★★

“SATISFIED CUSTOMER”

“Simply the best. The fit is superb, I like the side pockets on each leg. Nice slim modern fit. I've purchased six pairs so far.”

NEW

New for 2026!

The

AGILITY PANT

Athletic Cut Stretch Fit Tactical Pant

We felt the industry for tactical and uniform pants had fallen behind in form, function, and features, so we built the Agility Pant to solve that problem. The nylon/spandex blend fabric delivers stretch that perfectly balances comfort and mobility while remaining incredibly durable. Add an athletic, low rise cut and pocketing designed for field use and you've got a workhorse pant that leaves other models in the dust.

Available in:

Ranger Green	Black	FDE	Dark Navy	Khaki	Pacific Blue (NEW!)
1527	1526	1528	1525	1524	1522

The

AGILITY SLICK PANT

Athletic Fit Slick-Sided Pant

Built on the same chassis and from the same fabric as our top-selling Agility Pant, this slick-sided pant cleans up the silhouette and is perfect for the office or light field work. The Agility Slick retains our classic Drop'N pocket on each leg that perfectly fits a mag or cell phone, but drops the zippered internal cargo pocket from the standard Agility Pant. Same stretch, same great fit, just a touch more office-ready.

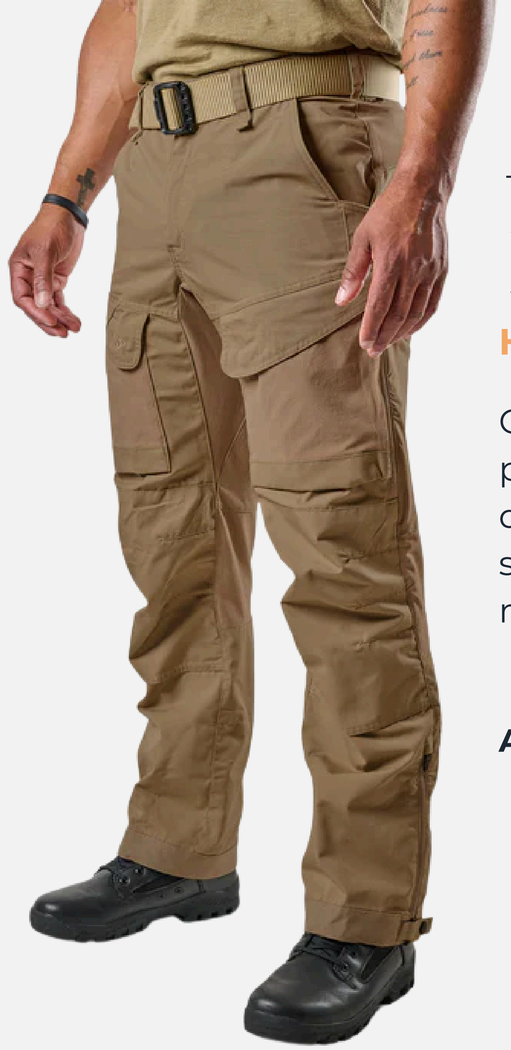

Available in:

Navy	Khaki	Black	Ranger Green	FDE

The

ORIGINAL TACTICAL PANT

Heavy-Duty Relaxed Fit Tactical Pant

Part of our original 24/7 series, the Original Tactical Pant, OTP for short, was the first of its kind and has been a best seller for decades. Often called the 24/7 Pant and Original Pant, the OTP delivers best-in-class durability and function and is the default duty pant for professionals the world over. Quite frankly, nothing beats the original.

Scorpion OCP

HOT WEATHER UNIFORM

Hot Climate Army & Air Force Uniform

Temperature management isn't always our first priority, but when the sun gets hot and the air gets dry, it rises to the top of the list. Built with lightweight NYCO Extreme fabric with reinforced wear points, this uniform keeps you cool and resists wear and tear.

Scorpion OCP

ARMY COMBAT UNIFORM

ACU Style Army & Air Force Uniform

Built to uniform standards, the Scorpion OCP Army Combat Uniform is mission-ready from patrol to training. With NYCO rip-stop construction, reinforced high-wear zones, and tactical storage, it’s designed to handle demanding conditions while maintaining a clean uniform appearance.

Available in: Scorpion OCP

**Top & Bottom sold seperately*

THESE ROOTS RUN DEEP.

Our identity has been molded by years of military uniform R&D. We’re proud of our heritage of partnership with our armed forces and take our mission seriously to deliver continued improvements for our service uniforms.

Scorpion OCP

PATROL CAP & BALL CAPS

Military Uniform Basics

The Scorpion OCP Patrol Cap completes your uniform with professional functionality. Crafted from a durable nylon/cotton rip-stop blend, it delivers reliable wear in the field. A rear hook & loop panel allows for identification tapes.

Available in: Scorpion OCP

H2O Proof

GEN 2 ECWCS PARKA

Water & Windproof Outer Shell

When cold, wet, and windy conditions are part of the job, this parka steps up. Built with a 3-layer windproof/waterproof shell and taped seams, the Gen 2 ECWCS Parka stays dry, blocks the elements, and breathes under load. Adjustable hood, under-arm vents, and a field-ready cut make it the go-to outer layer for patrols, training, or extended duty outdoors. For added warmth, simply zip in the Polar Fleece Liner (sold separately).

Available in:

OD Green	Black	Coyote	Multicam

H2O Proof

GEN 2 ECWCS PANTS

Water & Windproof Outer Shell

Complete the ECWCS Rainwear set with these rainproof pants. Built with a fully sealed, three-layer shell and designed to wear over your duty pants, this over-trouser makes a critical difference in wet, wind-driven environments. If you're heading into extended outdoor operations, this is one of your core system layers.

Available in:

OD Green	Black	Coyote	Multicam

STAY DRY.
STAY WARM.

★★★★★

“What a wonderfully massive addition to the Tru-Spec parka... fits snug in the parka and makes everything so nice and cozy. Highly recommended purchase... no buyers remorse here... BRAVO!!!!”

-Christopher M.

POLAR FLEECE LINER

Premium Fabric and Athletic Fit

When the rain and wind combine with cold temps, zip this polar fleece liner into the Gen 2 ECWCS Parka for an added line of defense against the brutal elements.

The

BASIC FLIGHT SUIT

Sewn-to-Spec Flight Suit

The Basic Flight Suit delivers dependable performance. Modeled after the classic U.S. Flyers 27-P coverall, it offers proven durability and functional design. The 6.5 oz. polyester/cotton twill fabric provides a balance of toughness and breathable comfort for long hours on duty. A nine-pocket configuration—including zippered chest, waist, calf, and sleeve pockets with pen slots—keeps essential tools close at hand. A two-way front zipper, zippered leg openings, adjustable waist tabs, and a gusseted back ensure easy wear, mobility, and a secure fit in demanding environments.
